

Hemp, Hemp, Hooray!

Evolv Entourage²™ is a ground-breaking patent pending blend of Phytocannabinoid Rich Hemp Oil, terpenes and immune modulating Acemannan to help the body's management of mood, memory, sleep, brain function and joint health. Our nano-sized Broad Spectrum Hemp Oil is converted into water compatible molecules, which increases absorption 5-7 times over the competition.

New Tropical Flavor in 2 oz.

28 SERVINGS DONATED

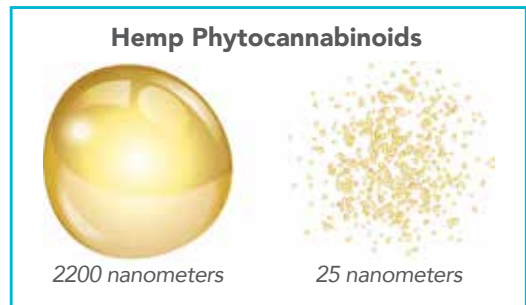

PATENT-PENDING FORMULA INCLUDES:

- Organic Broad Spectrum Hemp Oil
- Super critical CO₂ extraction
- Each batch tested to ensure 0.0% THC
- Absorption increased by 5-7 times over other hemp oil products with water compatible nanotechnology
- Enhanced Entourage Effect through proprietary terpene blend
- Symbiotic effect with the highest rated immune modulating Acemannan
- Wonderful cinnamon flavor!

BIOAVAILABILITY (ABSORPTION) MATTERS

To work, hemp phytocannabinoids have to get into your blood stream - typical absorption rates for hemp products are only 5-20%. Scientists recently developed an emulsification process to reduce the size of the phytocannabinoid clusters from 2200 nanometers to 25 nanometers, which results in an approximate 90% absorption rate, and the ability to mix Entourage² into your favorite drinks.

DO THE MATH

Product #1

300 mgs of phytocannabinoid oil @20% absorption rate = 60 phytocannabinoids per bottle in your bloodstream. @ \$30 per bottle = \$0.50 per absorbed mg of phytocannabinoids

OR

Entourage² – 1 oz.

280 mgs of emulsified nanosized phytocannabinoids @ 90% absorption rate = 252 mgs of phytocannabinoids per bottle in your bloodstream. @ \$69 cost per bottle = \$0.27 per absorbed mg of phytocannabinoids

PATENT-PENDING EMULSIFIED NANOSIZED HEMP OIL AND TERPENE AND ACEMANNAN BLEND WITH 0.0% THC

Supplement Facts

Serving Size 1 ml
Servings per Container 60

	Amount Per Serving	% Daily Value*
Proprietary Blend	101 mg	**
Evolv Immun™ (Acemannan aloe vera extract), Phytocannabinoid Rich Hemp Oil, Terpenes		

* Percent Daily Value based on a 2,000 calorie diet

** Percent Daily Value not established

Water compatible nanotechnology for enhanced absorption

USA sourced and ecologically farmed non-GMO hemp

Super critical CO₂ extraction process

Every batch double tested to ensure 0.0% THC

No heavy metals, pesticides or solvents

Manufacturing and processing facilities fully GMP compliant

Independently tested for purity, potency and quality

RECOMMENDED USE: Shake well before each use. Drop 1 ml (half dropper) into water or beverage, drink immediately. For faster absorption, place 1 ml under the tongue, hold for 60 seconds, swallow. Take 1-2 ml per day.

OTHER INGREDIENTS CINNAMON: Water, Glycerin, Dextrin, Acacia Gum, Sunflower Lecithin, Vitamin E, Cinnamon Essential Oil, Natural Coloring: Beet, Lycopene, Red Cabbage, Potassium Sorbate(preservative), Citric Acid

OTHER INGREDIENTS TROPICAL: Water, Glycerin, Pina Colada Flavor Extract, Dextrin, Acacia Gum, Sunflower Lecithin, Vitamin E, Potassium Sorbate, Citric Acid, Stevia

ADDITIONAL INFORMATION

ADDING TERPENES CAN MULTIPLY THE EFFECT OF CANNABINOIDS

Getting phytocannabinoids into the bloodstream is objective #1. Maximizing their impact requires terpenes. Due to their fragile nature, most are destroyed in the extraction process. New research indicates that adding a specific composition of terpenes back into the product created a more efficacious effect than adding more milligrams of hemp oil.

ACEMANNAN – THE GAME CHANGER

There are many hemp oil products that have been formulated with additional ingredients to provide support for specific benefits like improved sleep, mood and joint health. One of the most profound impacts has come from the addition of nature's most powerful molecule, aloe vera Acemannan.

Combining the immune modulating fractions of Acemannan with nano-sized hemp cannabinoids provides a symbiotic impact (1 + 1 = 4) that can dramatically enhance overall immune support. Each bottle of Entourage² is blended with equal amounts of cannabinoid rich hemp oil with added terpenes and Acemannan rich aloe vera extract.
